Summary

Established Business Owner with exceptional leadership and management abilities. Monitors progress and performance for ongoing policy and process evolution. Responds proactively to change for well-maintained business operations. Little experience with software and hardware development with front-end knowledge

Experience

Business Owner

Firecaps | Dec 2022 - Current

- A student business owner at the age of 20, Earned my first 6 digits at the age of 19 years old within a one year time frame building my business from scratch. A Computer Engineering student from University of East Manila while owning my brand Firecaps. Before Firecaps i am a experienced reseller buying things from a low price then selling it even higher.

Call Center

Alorica | May 2022 - Jun 2022

- Experienced a initial interview, final interview and 2 weeks of training within Alorica. I quit after hearing that school starts next week.

Certifications

- Certificate of Participation to Flutterverse
- Certificate of Participation to Cybersecurity Seminar

Accomplishments and awards

- Earned my first 6 digits at the age of 19
- Bought my first motorcycle at the age of 20
- Dean's Lister with a GWA of 1.60

Career goals

- I want to be a Software Engineer working at a big company
- Having a passive income with my own business or brand
